

Medgate. The digital doctor's visit.

Medgate brings the doctor to where you need him. Day or night, all year round, Medgate's experienced doctors are there for you by phone and video – wherever you are.

This is how it works:

1

Make an appointment

Book an appointment for a doctor's consultation directly via the Medgate app by phone, video or chat or call Medgate's Patient Reception:

+41 56 203 44 88

2

Speak to a doctor

An experienced doctor will contact you on the agreed date, discuss your concern with you and give you expert treatment.

3

See your treatment plan

Medgate will send your digital treatment plan directly to your Medgate App or your email address. Then you will have all the information about your recommended treatment at hand.

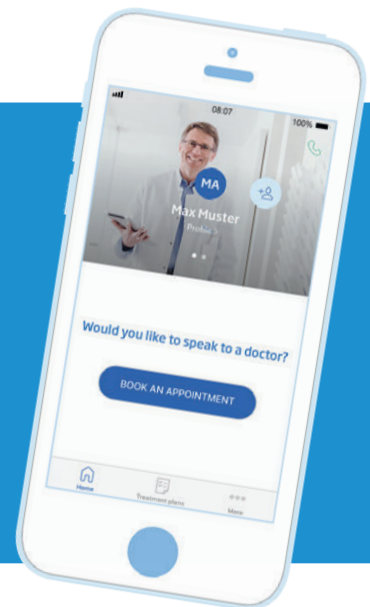

Medgate App

Easy, fast, secure

- Direct booking of a medical consultation via video or phone up to 48 hours in advance
- Upload photos, videos and sound recordings
- All information on the recommended treatment at a glance

Download now for free:
